Re Planning Application 15 The Plantation, East Preston, BN16 3LD

Reference EP/22/21H

Having viewed the plans for the above property we both feel very strongly that the alteration is not only overpowering and totally out of keeping, but will spoil the symmetry of this pleasant quiet cul-de-sac which mainly consists of low rise small detached and semi detached bungalows.

We feel that the front elevation of the proposed property with 4 velux windows gives the appearance of a large Dutch barn.

Those that have had alterations have been kept in sympathy with the rest of the properties in this road.

Therefore we would like it noted that our objection to be considered and recorded

With Respect

East Preston BN16 3LD
