Dear Mr Denton

I now aware that there are 2 objections from 1 neighbour and a resident opposite to my proposed caravan/ car port. I notice that they are quoting dimensional information which I am not sure where they have obtained the information from ie size of caravan etc. position without access to my property. I would like to know if these objections will adversely affect my application and if so what I can do to assist in passing the application. If necessary can I arrange a meeting with yourself to discuss.

Best regards

Paul Haymes
