Re: Planning Application EP/23/19/HH at 43 Sea Lane for caravan port.

Dear Mr. Zac Denton,

Following the erection of new higher gates at 43 Sea Lane, please find enclosed two photographs taken from windows of our property at 46 Sea Lane.

I believe that the photographs clearly highlight my objection to the erection of a caravan port, on the basis of the height and dimensions as previously advised, and also my previous reference to the East Preston Neighbourhood Plan.

The submitted revised plans for a caravan port show an approx. 6 inch reduction in overall height, which is still not acceptable.

This letter is a follow up to the comments made on the website.

Alec Price
