Morning Anita,

Further to my letter on the above Application yesterday, please could the following also be considered. Thanks.

It is noted West Sussex County Council Strategic Planning Officer has stated in a response dated 11th February, "It is not anticipated that there will be any highway safety issues from these proposals." The officer refers to Planning Application EP/83/12, but no mention of the expectations of the Highway Authority made in paragraphs 8 and 9 of the Planning Inspector's report for appeal case APP/C3810/A/13/2199149. As far as we can see the works to build out the kerb line and the provision of parking restrictions seem to have been forgotten by West Sussex County Council now the Application is no longer in its name.
