Yes thats fine - we will keep the cream as per the sample I have sent to you in the post (have you received it?)

Is there any reason for your view?

Dear Andrew,

I have discussed the colours proposed with my Team Leader and can advise that our preference would be to have cream render on all of the buildings.

Please can you confirm that you are happy to amend the proposal accordingly ?

Regards

Anita

Dear Anita,

I attach a quickly cobbled form to show these render colours and plot numbers. The colours proposed are the lightest shades at the top of the colour charts on the attachment.

If you are not happy with either the pink or blue, please just say so by return and we can amend the application for all of the render to be cream as in the application.

Just thought these colours might add a bit of variety and interest but we are not wedded to them. Ideally we would have had some flexibility about which plots are to be in which colours but I have named them here to assist as requested.

If we could have all colours approved in principle and apply them to plots further down the line that would be ideal.

Please call me if you wish to discuss.

(actually - having seen how these are scanning, I will send you hard copies in the post).

many thanks

Andrew Davies
