Dear Ms Welch

I tried to comment on the public portal yesterday but wasn't able to find where to comment so am emailing you directly.

I would like to object to the proposed development plans of West House, South Strand because: 1) the privacy of Dolphins East, Dolphins West and Casa Blanca will be compromised, especially now that the two mature Cedar of Lebanon trees have been removed which created a natural screen from the neighbouring properties. In particular the proposed glass panel above the door on the South side which would look directly out onto neighbouring properties from the upstairs area of West House.

2) The proposed extensions would overpower and dominate the neighbouring properties given the close proximity of West House to its neighbours, even more so now that so much soft landscaping has been removed.

Kind regards

Flora Franklin
