

Objection to Planning Application

Arun is a CIL Charging Authority, for more information go to www.arun.gov.uk/cil

Dear Mr Denton

Ref : EP/37/20/HH 56 Angmering Lane East Preston

With regard to the above application we are concerned that a lengthy “defence” from Mr Carl Moore of Atterbury Moore Associates, the architects of the proposed development, has been placed on the Arun District Council Planning portal.

The architects reference the design of 45 Angmering Lane which is in the process of construction, I would like to point out that they were responsible for this design. Their comment would seem to be morally questionable, since they have obviously benefited from both projects in terms of employment and remuneration.

In addition, the yellow planning application notice displayed at the property states that all comments should be received by 14th May 2020. It is clear from the available e-mails that the architects’ comments were received on 15th May and posted to the portal on the 18th.

Apart from apparently being outside the set consultation period, this seemingly leaves no opportunity for comment from others in response. This might be construed as being beneficial to the application, since there are grounds to question whether all the content therein is accurate.

It is unlikely that I am the only person to whom this may have occurred.

I would be interested to receive your comments.

Regards

Bill Petrie

54 Angmering Lane
