Hi Amy

I wasn't aware of that planning condition – it sounds like a sensible one so you could apply it. I was looking more at any excavation work being done in potentially contaminated land, which this isn't, hope that helps.

Kind regards

Thanks Nina

Would you apply any standard planning conditions re light levels for lampposts in residential areas to protect the properties opposite from light glare?

Please could you let me know tomorrow morning as I need to finish my report then, as due next week and I am on leave then.

Many thanks

Amy
