Subject: Planning Application: EP/41/17/PL : Land adjacent to 4 Beechlands Cottages

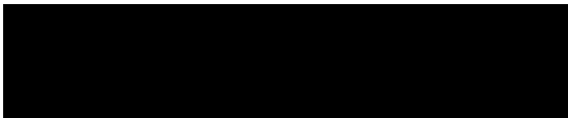

Dear Andrew,

Please find attached a support letter received by a local resident for the application. Can this be added to the planning file?

Regards,

Nigel Locke

Dear Mr Hodson,

re: Planning Application EP/41/17/PL

Following Monday evening's meeting of the Parish Council Planning Committee, we felt the need to write to let you know of our personal views on the above application.

Whilst respecting the observations of our neighbours opposite, we felt that if the proposed development resulted in improvements to the eyesore we currently have to live with, then we were prepared to accept it, subject to one or two visual modifications as mentioned at the meeting.

We were somewhat surprised at the aggressive stance of the committee and we share your disappointment at their decision. In our view they have declined an opportunity which could have improved the appearance of the area for everyone.

In the meantime we shall continue to collect litter and sweep stones back on to the lane to prevent any more passers by from turning their ankles.

Yours sincerely,
