Why do you consider that a Lawful Development Certificate should be granted for this proposal?

We are of the view that the proposed erection of a fence in this location fails to be considered Permitted Development under the provisions of The Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).

Schedule 2, Part 2 Class A allows for the erection of a fence without the express permission from the Local Planning Authority subject to complying with a number of requirements, as set out below.

Development not permitted

A.1 Development is not permitted by Class A if—

- (a) the height of any gate, fence, wall or means of enclosure erected or constructed adjacent to a highway used by vehicular traffic would, after the carrying out of the development, exceed—
- (i) for a school, 2 meters above ground level, provided that any part of the gate, fence, wall or means of enclosure which is more than 1 meter above ground level does not create an obstruction to the view of persons using the highway as to be likely to cause danger to such persons;
- (ii) in any other case, 1 meter above ground level;
- (b) the height of any other gate, fence, wall or means of enclosure erected or constructed would exceed 2 meters above ground level;
- (c) the height of any gate, fence, wall or other means of enclosure maintained, improved or altered would, as a result of the development, exceed its former height or the height referred to in paragraph (a) or (b) as the height appropriate to it if erected or constructed, whichever is the greater; or
- (d) it would involve development within the curtilage of, or to a gate, fence, wall or other means of enclosure surrounding, a listed building.

The proposed fence is not adjacent to a highway used by vehicular traffic and as such the 1m limitation is not engaged in this instance. Indeed, the fence is separated from the highways used by vehicular traffic by a grass verge and footpath with the separation distance between the back edge of the kerb to the garden boundary ranging from approximately 5.5m to 11m. As such, the dictionary definition of 'adjacent' in our view could not reasonably be applied in this instance as a matter of fact and degree and exceeds that which might reasonably be considered 'adjacent' to. This is further supported by the fact that the proposed fence is set behind the existing dwarf brick wall. The Planning Inspectorate has considered such 'arms length' separation distances to the interpretation of 'adjacent' to the highway used by vehicular traffic to be acceptable, as confirmed in APP/D3830/X/14/2223956.

We therefore consider the proposed fence to constitute permitted development and respectfully request that the Lawful Development certificate be granted.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
