East Preston Neighbourhood Plan 2014 Policy 4	Design in Character Area Three

PLANNING POLICY GUIDANCE:

NPPDG	National Design Guide
NPPF	National Planning Policy Framework

CONCLUSIONS

PRINCIPLE

In this case, the key policies are deemed to be D DM1 and D DM4 of the Arun Local Plan. Additionally, Policy 1 and 4 of the East Preston Neighbourhood Development Plan.

Policy D DM1 sets out 13 design aspects of which applications should be assessed against. These include: Character, Appearance, Impact, Innovation, Adaptability, Crime Prevention, Trees, Public realm, Layout, Public Art, Density and Scale.

Policy D DM4 sets out criteria for which applications relating to extensions and alterations of existing buildings must be assessed against. They generally seek to minimise the impact of the proposal on the character of the host dwelling, its neighbours and the locality.

Policy 1 of the East Preston Neighbourhood Development Plan sets out general principles for development within the Parish. Part (i) relates to the scale, density, massing, height, landscape design, layout and materials of development proposals, and how proposals must reflect and enhance the established character of the area.

Policy 4 of the East Preston Neighbourhood Development Plan seeks to ensure that development within Design Area 3 sustains and enhances that historic character of the area, through the use of building materials that harmonise with the existing building. Also, it seeks to preserve boundary walls, and restrict and control the construction of apartment blocks.

DESIGN AND VISUAL AMENITY

Due to the siting of the proposed development, there will be very limited views of the proposal from the public realm. As such, the proposed extension is not considered to have any significantly harmful impact upon the character of the locality. The proposed extension is considered to subservient to the host dwelling, due to its modest scale and the use of materials. The extension has a maximum height of 2.8m from ground level, which meets with the eaves height of the host dwelling, this is considered to allow the proposed extension to appear well integrated with the host dwelling.

The proposed development is considered to be in accordance with D DM1, D DM4(a) and (b) of the Arun Local Plan.

NEIGHBOURING RESIDENTIAL AMENITY

The proposed development is not considered to result in any overshadowing, or overbearing impact upon the occupiers of neighbouring dwellings. This is due to the modest scale of the proposed extension, and the separation distances of 8.1m and 6.5m from the Eastern and Western boundaries respectively. With regard to the potential for loss of privacy to occupiers of neighbouring dwellings, the single storey nature of the proposal is considered to mean that any views available from the extension are no different to those from the application site at current.

The proposed development is considered to be in accordance with D DM1(3) and D DM4(c) of the Arun Local Plan.

SUMMARY

The proposed development is deemed to accord with relevant development plan policies and as such is recommended for approval subject to the following conditions.

HUMAN RIGHTS ACT

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

In assessing this proposal the following impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).

The proposal would have a neutral impact on the protected characteristics.

RECOMMENDATION

APPROVE CONDITIONALLY

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby approved shall be carried out in accordance with the following approved plans:

- Block Plan - 00509348-E39533
- Proposed Ground Floor - P4
- Proposed Elevations - P3

Reason: For the avoidance of doubt and in the interests of amenity and the environment in accordance with policy D DM1 of the Arun Local Plan.

- 3 **INFORMATIVE:** Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure)(England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.
