Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015

Application No: EP/47/21/HH
Site Address: West House South Strand East Preston BN16 1PN
Description of works: Erection of second floor addition, part single storey side, part two storey front, side and rear extensions and alterations to fenestration/openings

Thank you for your internet representation made on 3rd June 2021 which has been recorded as an objection with the comments as follows:

OWPC37070

The proposed style and height of the development is not in keeping with the current style and type of houses on the Angmering on Sea Estate. The estate is a mixture of dwelling types, ages, styles & consists of mainly two story houses/cottages and bungalows, mostly traditional in appearance. Not only will this proposed development disturb the street scene of South Strand but its height will make it the tallest building in an area of South Strand where the more traditional houses currently sit.

The height alone will cause all the immediate neighbours an issue with overlooking.

The flat roof style proposed is also not in keeping with current properties on the estate and will set a dangerous precedence to future developments of this kind trying to obtain a sea view from a non-beach fronting property.

The plot itself is not that large an area and to propose such a huge and overbearing development on it, is clearly an over-development of the space available.

Your views as made above will be considered before the application is determined.
