[REDACTED]

Good morning Anita,

I bounced your email on to the Geotechnical and Civil Engineers and we will forward through the update civil drawings ASAP.

However, please see below confirmation from the Geotechnical Engineers regarding the date of the report.

Kind Regards

Euan

Subject: RE: Planning Consultation on EP/48/20/DOC

Hi Euan,

As discussed in Section 4.1 of our report, the fieldwork (which included the soakage testing) was undertaken on 24th January 2018.

Kind regards,

Stuart

Subject: FW: Planning Consultation on EP/48/20/DOC

Good afternoon everybody,

We have just received the comments below from Arun's drainage engineer, please can you review the queries and provided updated information ASAP, noting the 'within the next 10 days' dead line from the planner.

Kind Regards

Euan

[REDACTED]
Hi Euan,
Please see the comments of our Drainage Engineer. Can you let me have receipt of the amended additional details within the next 10 days?
Regards
Anita Gardner

Engineers Comments Regarding Surface Water Drainage

Condition 10

1. The trial pit TP01 is undersized (0.3m x 0.3m rather than 0.3m x 1m specified by BRE365). Please apply a safety factor of 3 to the calculations. Three tests were completed, the date of testing is assumed to be 24/01/2018 (from the test pit stratum record) however this is not clear. Please clarify.
2. Construction detail drawings need to be included for:
 - a. Inspection chambers
 - b. Channel drains
 - c. Pipe bed and surround

Condition 11

It would be helpful if it was clear in the Introduction/Maintenance Responsibilities that the permeable paving drains the proposed building as well as the driveway itself.

Updated plans/construction details (to discharge condition 10) will need to be included.

Kind Regards

Sarah Burrow
