I refer to my e mail below which does not appear on the portal yet. I assume you did receive it.

An additional point is that if permission is granted the hours of work should be limited to 8 am to 5pm to cause as little nuisance as possible.

Elliott Burns

Thank you for your response but on further investigation the two windows on the west elevation on the ground floor have been bricked up and I cannot see anything in the application about replacing them. I assume the window on the west elevation 1st floor will be of obscured glazing. I am also concerned that the first floor rear dormer window will be too near the boundary and be intrusive to the neighbouring properties.

Therefore can you please record this as an objection.

Thank you.

Elliott Burns

Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015

Application No: EP/57/20/HH
Site Address: 32 Vermont Drive East Preston West Sussex BN16 1LA
Description of works: Loft conversion with side dormer and hip to gable extension to rear.

Thank you for your internet representation made on 15th June 2020 which has been recorded as no objection with the comments as follows:

OWPC27748

before I can decide about this application there seem to be a few questions about the drawings. I cannot relate the existing elevation plans to the property as it currently shows windows which are not there. The application form is impossible to read in the way it has been uploaded so it is not clear what materials and glazing would be used. The location plan is confusing as it uses a very out of date plan and does not reflect the current properties in the nookery.

Your views as made above will be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish your comments on the website. Please make sure that you have only provided information that you are happy will be published in this way. If you have supplied information belonging to a third party, you must make sure you have their permission to do so. If you do not wish your comments to appear on the website or on the file you will need to confirm this by emailing to planning@arun.gov.uk and I will arrange for it to be destroyed although this means that the content will then be disregarded.

The majority of applications are determined under delegated powers by officers. Further information on the decision making process can be found on the website at :<https://www.arun.gov.uk/planning-decision-process>.

Some applications will be determined by the Development Control Committee, and I shall write and inform you of the date of the meeting and the procedures for public speaking if this is the case. However, if your representation has been received after the agenda for the meeting has been finalised and the notifications have been generated, you will not receive notification. In this case, you will need to track the progress of the

application on the council's website <https://www.arun.gov.uk/weekly-lists>

Any comments that are received after the agenda has been finalised will be separately reported to the members of the Development Control Committee.

Regardless of how the application is determined I will notify you of the decision.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours sincerely

Neil Crowther
Group Head of Planning
