EP/62/20/DOC

Approval of details reserved by condition imposed under ref EP/179/18/PL relating to Condition Nos 3 - surface water drainage, 4 - visibility splays, 5 - car parking & turning arrangements, 6 - covered & secure cycle parking, 7 - materials & finishes, 8 - hard & soft landscaping and 10 - existing wall to south

The details seem to be generally acceptable. However, it is unfortunate that flintwork blocks are to be used for the walls of the houses.

If the boundary wall is to be re-built it will have to be based on the pictures provided. This implies that it will be an attractive coursed wall where the flints are very closely spaced with little mortar visible.
