Hi Nicola,
The agent has provided these amended plans following your previous comments. Can you advise if they are now acceptable?
Thanks
Anita

Hi Anita

I attached revised copies of drawings .../03D and .../12 with the altered parking space positions and the front garden wall re-building details together with clear photos of the wall. The wall is too overgrown to be clearly visible at the moment.

Regards,

Peter.

Dear Mr Shaw,

I have been allocated the above application and am carrying out the relevant consultations with other departments. However in the meantime I note that the information submitted with regard to discharge of conditions 8 -hard & soft landscaping and 10 - existing wall to south, lack sufficient detail at this stage. I will require confirmation of pot and plant sizes and plant numbers and details of replacement planting for the existing front border where the wall is being demolished and details of tree hedge retention and protection. For the walling the condition requires details of method of demolition and rebuilding. I would suggest that photographs of the existing wall are provided as a reference point and that an elevation of the proposed replacement wall is provided to detail how existing bricks and flints will be reused together with the type of mortar and amount of protrusion of flintwork from cement.

I would appreciate receipt of this additional information within 10 days of the date of this e-mail.

Regards

Anita Gardner
