Hello Mr Lewis,

This afternoon I received consultation from our Tree Officer regarding the above application. He is happy with the proposed works for T2 & T3 however, cannot support the works proposed to T1. We would like to invite you to agree to lesser works to T1 as described below.

Tree Officer recommendation/comments:

As it stands, I am unable to support this application. I would like the applicant to be invited to agree to a revised specification for lesser works on T1 (as described below) as part of the current application so as not to incur further delay. Such work would go some way to addressing their concerns whilst preventing a diminution of the tree's landscape and public amenity value:

- Remove crown reduction pruning entirely from the proposal.
- Amend crown lifting specification to: 'Remove/reduce small diameter branches (<50mm) as necessary to achieve a maximum 3metres overhead clearance on all aspects.'

If the above lesser works are agreeable, we can amend the application and continue on the current time frame. Could you let me know by response to this email, if the lesser works are agreeable, and if so, provide your approval for amendments to the description to be made by **06/09/22**?

Kind regards,

Harry
