Andrew,

I can confirm we agree to an extension of time for the determination of this planning application until 1st October 2020.

Also, please find attached computer generated images of the proposed new dwelling – it would be good if these could be added to the submission documentation. These show the property in the context of the wider site.

Thank you,

Phil.

Andrew,

We note various comments that have been submitted online in relation to this planning application.

We would take the opportunity to remind you that the proposals for this new property are very similar to those previously approved under EP/111/12/, in particular in relation to the appearance, scale, footprint and positioning of the new property.

Please find attached drawing 935P01C which correctly annotates the second floor. We can confirm this second floor accommodation would purely utilise the space that would be available within the roofspace and would not by itself result in any increase in height or bulk.

Please do not hesitate to contact me should you have any comments or questions.

Thank you,

Phil.
