Dear Sirs,

I have noticed a couple of comments recently made regarding the above development.

With regard to the car parking, two spaces have been provided which I believe is in accordance with planning policy. In addition to this there is also a bike rake provided and electrical charging points for the cars.

A note has been made that the soakaway should be 5M from any dwelling and I would confirm that it is over 8M from any dwelling
I attach a copy of the soakaway showing its location.

I hope these two points assist but if you have any further queries please do not hesitate to contact me.

Kind Regards

Rob
