This Message originated outside your organization.

Hi Iqraa

Please do and apologies, seems to be legible printed at A4 but not so good electronically.

Many thanks,
Peter

Hi,

Apologies, I meant to say the dimensions are unreadable. However, we are able to amend this with clearer dimensions for you with your permission.

Kind Regards
Iqraa Malik

Good morning Iqraa

This does seem a little unreasonable as the scale of the site plan at 1:500 shows the building abutting the eastern boundary and there is no change to the rear of the property? I cannot see in this instance how these annotations will benefit members of the public in understanding the proposal or the officers assessment. If you feel differently, I would be grateful if you advise why?

This is local validation requirement, to which discretion can be applied.

Kind regards,

Peter

Good morning,

Unfortunately your application is still invalid as you require dimensions on your block plan from the proposed extension to all site boundaries. Please amend or with your permission, we are able to amend this for you.

Kind Regards
Iqraa Malik

Dear Ms Malik

Apologies for the delay, but please find attached updated elevation drawings as requested.

The existing balcony referenced is set in to the roof overhang, so not visible on the side elevations.

I trust the above and attached will allow the application to be validated.

Kind regards,
Peter

Many thanks for your email below and attached letter. My client is just updating the drawings and I hope to have these back to you this week.

Apologies for the delay.

Kind regards,
Peter
