Dear Mrs Gardner,

Please find attached comments on the letters of representation you have received in connection with the above referenced application.

Please also find a corrected drawing 17009-2.10C as when checking the relationship with the neighbouring property I noticed that the dormer to bedroom 3 on the floor plan was incorrectly shown on the rear when it is on the front as shown on the elevations and roof plan. This has now been corrected and I trust this plan can be substituted.

If you require any further information then please let me know.

Regards
