SPD3	Parking Standards

CONCLUSIONS

PRINCIPLE

Policy D DM1 sets out 13 design aspects of which applications should be assessed against. These include: Character, Appearance, Impact, Innovation, Adaptability, Crime Prevention, Trees, Public realm, Layout, Public Art, Density and Scale.

Policy D DM4 sets out criteria for which applications relating to extensions and alterations of existing buildings must be assessed against. They generally seek to minimise the impact of the proposal on the character of the host dwelling, its neighbours and the locality.

Arun recently adopted a Design Guide which provides detailed guidance that will help raise design standards across the District. Developments should respond to the distinctiveness and characteristics of their surroundings in terms of scale massing and materials, protect the amenities of occupants and neighbours and seek to minimise energy consumption and improve environmental performance. In this instance, roof extensions should not be visually intrusive or block light into surrounding properties and dormers should be positioned in discreet locations, on the rear of the property wherever possible. In general roof extensions should not detract from the character and appearance of the building and local area.

East Preston has a made neighbourhood plan and policies 1 and 4 are of relevance to householder extensions. Policy 1 looks to control general principles relating to householder extensions including character and scale, car parking provision, amenities of local residents and protection of green spaces. Policy 4 of the East Preston Neighbourhood Development Plan seeks to ensure that development within Design Area 3 sustains and enhances that historic character of the area, through the use of building materials that harmonise with the existing building. Also, it seeks to preserve boundary walls, and restrict and control the construction of apartment blocks.

DESIGN AND VISUAL AMENITY

The front dormer extension will be a modest addition within the existing footprint of the dwelling whilst creating more usable floor space within Bedroom 3. This is seen as an effective form of development.

It has been designed to fit sympathetically with the host dwelling and will utilise materials which match existing finishes, and with a pitch to match the roof.

The proposed window at Ground Floor level, in place of the garage door is considered to be an appropriate scale when compared to other openings on the dwelling.

Having regard to the design and visual amenity, the proposal is deemed to accord with DDM1 and DDM4 of the Arun Local Plan and the Part M Arun Design Guide.

RESIDENTIAL AMENITY

Although a car parking space will be lost with the conversion of the garage, it is anticipated that the driveway could still accommodate 2 cars, this accords with Arun Parking Standards SPD.

The proposed development will be located within the existing footprint of the dwelling and as such the proposal will not be overbearing or overshadow neighbouring properties.

The proposed window to the dormer will achieve views over the front of the property and the public realm, no negative impacts from overlooking are anticipated.

It is therefore considered by virtue of not being overbearing, overshadowing and overlooking that the proposed extensions accords with policy DDM4 (c) of the Arun Local Plan and Part M of the Arun Design Guide.

SUMMARY

The proposed development is deemed to accord with the relevant development policies and as such is recommended for approval subject to the following conditions and informatives.

HUMAN RIGHTS ACT

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

Duty under the Equalities Act 2010

In assessing this proposal the following impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).

The proposal would have a neutral impact on the protected characteristics.

CIL DETAILS

This application is CIL Liable therefore developer contributions towards infrastructure will be required (dependant on any exemptions or relief that may apply)

RECOMMENDATION**APPROVE CONDITIONALLY**

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby approved shall be carried out in accordance with the following approved plans;

- Proposed Plans 213016/03
- Location and Block Plan 213016/01

Reason: For the avoidance of doubt and in the interests of amenity and the environment in accordance with policy D DM1 and D DM4 of the Arun Local Plan and Part M of the Arun

Design Guide.

- 3 INFORMATIVE: Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure)(England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.
