Re: EP/96/18/doc

27 July 2018

Dear Sir/Madam,

I would like to oppose the planning application for the sewerage from the new properties built on the site of Tudor Lodge, Sea Road, East Preston to run into the present sewerage arrangements in Palm Court.

I with a neighbour on quite a few occasions have had to unblock the pipes using our own rods to stop and clear sewerage flooding into our gardens and when this has failed we have had to call Dynarod out. Our sewerage pipes are old and are used to their full capacity so we cannot afford to put any further strain on the system.

Yours faithfully,

Michael Grice
