Hi Anita,

In response to your email please find annotated image of the balcony section together with scale drawing and photo from ground level

I have included the existing house photos, this shows the original window which hasn't changed in position, if anything we have screened off to a much further forward position

Should you have any queries please let me know

Thanks

Brent

Dear Mr Wadsworth,

I refer to the above application and would appreciate receipt of a scaled elevation plan of the balcony screen so that the height of the screen, which is not consistent, can be clearly scaled. You refer to a 2m height, but the whole of the screen is not 2m.

Regards
