Dear Sir

EP/98/15/HH – Little Thatches, 34 Tamarisk Way

We note that a resubmission has been lodged following application EP/59/15/HH and the part which affects us is the extension to the first floor north elevation of 34 Tamarisk Way on which we have written to you on previous occasions. We note that in the revised plans the 900 cm extension results in the wall of the building in question being that much nearer our boundary.

We have earlier commented that with the increase in size of the whole building plot which at one point is only 528cm from our boundary we shall suffer an invasion of our rights to privacy and light and preparatory building work already put in hand demonstrates this quite clearly. The extension requested is directly to the south of our garden and very close to our boundary fence and will blot out the sun to the southern area of our property for a large part of each day.

We urge you to reject this part of the resubmission. You have already passed an application that is deleterious to us and believe that that should be an end to the matter. We feel that, if you allow the increased dimensions, the owners will be back for yet more change until they obtain what they originally wanted. There needs to be a balance between the rights and enjoyment of ourselves and the owners of 34 Tamarisk Way; at the moment we see that balance being tipped more and more towards 34 Tamarisk.

Copies to (a) East Preston Parish Council, and (b) Willowhayne Residents Association
