Reference	FG/194/15/HH, FG/82/16/NMA, FG/120/17/NMA

Details of the pre-application advice received

Previously the works included in the application were approved under the above references. The difference is the proposed use of Cedral cladding as opposed to vertical tile hanging on the faces and cheeks of the dormers. I have previously liaised with David Easton via email in relation to the matters covered in the NMAs and trying to match existing colours.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
