Dear Finlay,

Further to our telephone conversation, we are obviously very disappointed that your office cannot consider our application, even as a scaled back version, bearing in mind that our clients inform us that other properties have been similarly extended in the area.

As a result, our clients have instructed us to withdraw the application.

Kind regards,

Subject: Fwd: Sketch drawing for Green Park, reference FG/104/19/HH

Dear Finlay,

Further to our telephone conversation, please find a copy of our sketch drawing attached.

As discussed, we have reduced the overall width of the proposed extension, leaving some 3m to the outer edge of the existing hedge and site boundary, whilst moving the actual footprint to the west elevation, in order to minimise its impact on the street scene of Green Park.

We look forward to receiving your comments so we can progress this matter.

Kind regards,

Michael Alderton,
