Subject: RE: Planning Consultation on: FG/105/20/PL

Application No: FG/105/20/PL
Site Address: The Tudor Close Public House Ferringham Lane Ferring BN12 5NQ
Description of Works: Conversion of existing Public House (Use Class A4) to create 7 No residential units comprising 5 No 1-bedroom units & 2 No 2-bedroom units & the erection of 2 No 1-bedroom semi-detached bungalows, associated car parking & landscaping (resubmission following FG/46/20/PL). This application affects a Public Right of Way & is in CIL Zone 4, CIL Liable for new dwellings.

Bats

As detailed within the Preliminary Roost Assessment Survey (April 2020) there is potential for bats to be roosting within the property on site. Due to this and as recommend within the survey further bat emergence surveys are required to determine if bats are roosting onsite prior to determination. This survey needs to be undertaken by a suitably qualified ecologist during the active breeding period (May – September) and submitted for our approval with the planning application. If bats are found to be roosting within the building mitigation will be required and a mitigation strategy should be produced and also submitted with the planning application prior to determination.

The lighting scheme for the site will need to take into consideration the presence of bats in the local area and the scheme should minimise potential impacts to any bats using the trees, hedgerows and buildings by avoiding unnecessary artificial light spill through the use of directional light sources and shielding.

Nesting Birds

Any works to the trees or vegetation clearance on the site should only be undertaken outside of the bird breeding season which takes place between 1st March – 1st October. If works are required within this time an ecologist will need to check the site before any works take place (within 24 hours of any work).

We would like a bird box to be installed on the extension / and or tree within the garden of the property.

Kind Regards

Liz

This application has been identified as CIL Liable. Therefore please be aware that, in accordance with Appendix 2 of the Arun CIL Charging Schedule, your consultation response should only include requests for Section 106 for onsite mitigation, Pagham Harbour Management Contributions (if applicable) or Affordable Housing. Off Site mitigation measures directly related to this development should be dealt with by condition if possible to ensure the scaling back of Section 106 if possible. CIL contributions will be used for off site infrastructure mitigation schemes. Therefore if this proposal triggers the need for off site mitigation, please ensure that you engage in the CIL Infrastructure List Consultation process upon receipt of a consultation letter.

Should you have any comments to make, these should be sent by replying to this email by 15th October 2020 . You can also monitor the progress of this application through the Council web site:
