Hi Anita

The proposal is to replace the existing restaurant with a newly fitted out café – it will be in the same location. The purpose of the application is to have confirmation of the lawfulness of the proposed refitting of the café. I

appreciate this may appear to be a belts and braces approach but Asda wish to have confirmation before the investment takes place.

We are doing a number of these types of submissions across the UK.

Thanks

Katherine

Dear Ms Sneedden,

I am writing for clarification as to the description of the application and need for the application. The above ASDA store was approved under planning permission FG/16/12. The approved plans included a restaurant area on the approved ground floor plan 10.120. A(00)01_03 dated Jan 2012 in the same position you have indicated on the submitted block plan. The existing restaurant has existed since the store opened. I therefore do not understand the purpose of the application submitted. The restaurant clearly has permission. I note that you have submitted a lawful development certificate for a proposed use not an existing use. Are you seeking a lawful development certificate for a proposed replacement restaurant? If so I would appreciate receipt of an existing and proposed block plan to demonstrate any difference in floor area. If the purpose of the application is to confirm that a café within the store does not require the submission of a planning application I would suggest that it is withdrawn since it already has planning approval.

Regards
Anita Gardner
