CONCLUSIONS**PRINCIPLE**

The key policies considered are D DM1 and D DM4. The site is occupied by a detached property with front and back gardens in a mixed design area.

Policy D DM1 sets out 13 design aspects of which applications should be assessed against. These include: Character, Appearance, Impact, Innovation, Adaptability, Crime Prevention, Trees, Public realm, Layout, Public art, Density and Scale.

Policy D DM4 sets out criteria for which applications relating to extensions and alterations of existing buildings must be assessed against. They generally seek to minimise the impact of the proposal on the character of the host dwelling, its neighbours and locality.

Policy DSP1 of the Arun Local Plan sets out that all development proposals should seek to make efficient use of land but reflect the characteristics of the site and local area in their layout, landscaping, density, mix, scale, massing, character, materials, finish and architectural details.

Policy 1A of the Ferring Neighbourhood Plan outlines proposals for development located inside the built up area boundary will be supported, provided they are suited to an urban setting and they accord with the provisions of the Neighbourhood Plan and with other relevant development plan policies.

DESIGN AND VISUAL AMENITY

The area is populated by dwellings of mixed scales, types and styles. There are other examples of chalet bungalows also.

Resultant of its location, the proposed single storey rear extension is not visible from the street scene. It has a maximum roof height of approximately 2.6m, which is approximately 4m lower than the ridge height of the host dwelling. The proposed rear extension is not considered to have any significantly harmful impact upon the character of the host dwelling or its locality. Therefore, the proposed rear and side extensions are considered to be in accordance with D DM1, D DM4(a) and (b) of the Arun Local Plan.

It is noted that the proposed development constructs a living space within the roof, the roof alterations are considered to be subservient to the host dwelling due to the height of the proposal being lower than that of the dwellinghouse. However, due to its design it is sufficiently well integrated with the appearance of the host dwelling. Additionally, there are examples of similar development within the locality, which is considered to allow the proposal to have no significantly harmful impact upon the character of the locality.

Whilst it is considered that the proposed development is in conflict with D DM4(b) of the Arun Local Plan, it is considered that the proposed development is in accordance with D DM1 and D DM4(a) of the Arun Local Plan.

NEIGHBOURING RESIDENTIAL AMENITY

The proposed development is not considered to have any significantly harmful impact on the residential amenities of neighbouring occupiers. This is as a result of its siting and scale allowing no significantly harmful overshadowing of the occupiers of #2 Singleton Close and #67 Elm Park. The proposed rear windows on the first floor provide views into the rear and gardens of neighbouring dwelling. However, the impact on residential amenity is considered acceptable. The proposed development is considered to be in accordance with D DM1(3) and D DM4(c) of the Arun Local Plan.

SUMMARY

The proposed development is deemed to accord with relevant development plan policies and as such is recommended for approval subject to the following conditions.

HUMAN RIGHTS ACT

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

Duty under the Equalities Act 2010

In assessing this proposal the following impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).

The proposal would have a neutral impact on the protected characteristics.
