Hi Charlotte

Sorry for the late reply.

Yes, I have determined that the Elm and the Ash tree in this application are covered by the Conservation area and not the TPO.

Regards,

Mark

Hi Mark,

Could I just check this one with you please. Are we saying that the Elm and the Ash tree are covered by the Conservation area and not the TPO?

Thank you,

Charlie

Charlotte

Planning reference: **FG/10/19/T**

I visited Yew Tree Cottage, 11 Ferring Street, Ferring earlier today.

I have also undertaken a desktop review of the Tree Preservation Order (TPO/FG/9/70) which affects this plot. My understanding is that the elm and ash trees identified in this application are not listed in the schedule or shown on any map.

However, those trees do qualify for protection under the conservation area.

I am satisfied that the works proposed will not result in character of the surrounding area being diminished.

I raise **No Objection** to the works that have been applied for and see no reason to make a Tree Preservation Order in this instance.

Regards,

Mark
