Dear Mr Easton

I have just registered an objection to this planning application on behalf of myself and my husband who has attempted to speak with you personally. I am formally requesting and urging that anyone involved in the decision making process for this application that they come and view the site from our own property in the first instance. Our address is 8 Little Paddocks, Ferring and is adjacent to this proposed development. You can reach me on  to arrange a visit.

With kind Regards

Kim Culver
