Dear Ms Gardner,

Please find attached dwg. nos. 628-02 Rev. D ,628- 03 Rev. D & 628- 04 Rev. D addressing the Swept Path Tracking. In doing so we had to slightly revised the visitors parking area.

Regards,
Sarif Easmon-Dura

Dear Mr Easmon-Dura,

I refer to the above application. County Highways have responded to the latest consultation on this application relating to the revised dwelling positions by stating

"The repositioning of the dwellings may impact the ability for larger vehicles (Fire and Refuse) to turn on site. Swept path tracking plans should be provided to demonstrate that the ability for larger vehicles to turn on site has been retained. This turning area should not use any area allocated for resident parking."

I would therefore appreciate receipt of additional information as requested within the next 2 weeks. County Highways will then need to be re-consulted. The application will not be taken to a Committee until this issue has been satisfactorily resolved. I would be grateful for your agreement to a further extension of time on the application until 16-03-2018 to cover the next available committee, although it may take longer.

Regards

Anita Gardner
