Dear Ms Anita,

Please find attached revised drawing 628-06 Rev. A showing the existing plants at the west boundary. The intention is to retain this green boundary treatment.

In shunting plot 1 & 2 westward to achieve 22m between properties at the rear, this reduces the front soft landscape. However, there is scope to the front of plots 3 & 4 to have a larger front green spaces. But I sincerely hope this is not an issue to affect the outcome of our proposal.

Regards,
Sarif Easmon-Dura

Dear Mr Easmon- Dura

Drawing 628-06 does not indicate the internal surfaced roadway within the site or identify any landscaping along the western boundary with Ferringham Lane. Am I to assume that no landscaping is proposed along this boundary and that the whole of this roadway will be hard surfaced ?

Regards
Anita Gardner
