Dear Nina,

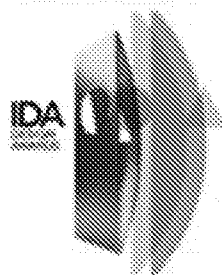

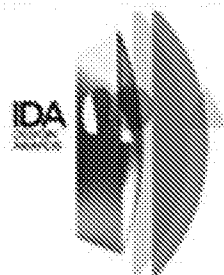

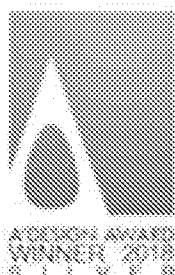

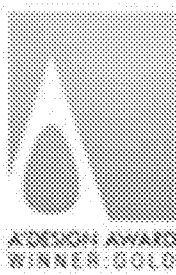

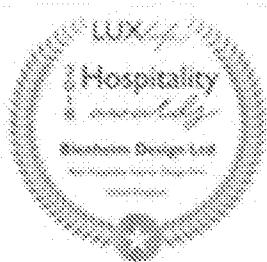

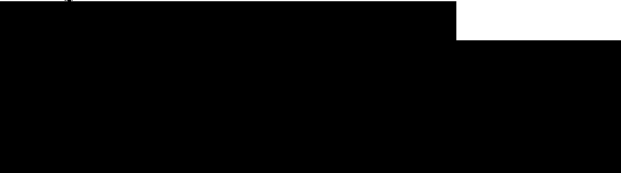

Thank you for your comments, I have amended a noise management plan to reflect your suggestions. As for two noise management plans being confusing: May I suggest that only this attached noise management plan is kept and used, please disregard the other one.

I hope this is acceptable and I am happy to grant an extension of time as requested by Anita Gardener to deal with this consultation.

I look forward to hearing from you.

Kind regards

Subject: RE: Planning Application FG/115/18/PL - Andalucia 58 Ferring Street, Ferring - Noise Management Plan

Dear Maja

I have received the updated noise management plan in respect of Andalucia from Anita Gardner in Planning and have the following comments:

The main thing I want to ensure is that any events/party nights that take place give rise to noise which is no louder than that generated by background music. For example, a guitar player making music to enhance dining could be acceptable but a disco or band playing amplified music would not.

I attach my recommended changes to the plans and comments (in red) to the larger document and would be grateful if you could look at these and let me have your feedback. I am confused as to why there are two noise management plans. The shorter version appears to be a summary of the longer document. If you wish to keep both documents please ensure that they are both consistent with each other. Otherwise you may wish to amalgamate the documents into one comprehensive management plan.

I look forward to hearing from you.

Kind regards
