Attachments: ARROWS - ALL SIGN LOCATIONS.pdf

Hi Karen

Firstly could I start with a bit of an apology.

I rang your office and spoke to one of your colleagues and although not rude, I must of sounded a bit of a grump. Been a bit of a poor couple of weeks.

I have not understood what you require to validate application, however after this phone call the penny, I think dropped.

We have attached new drawing with arrows pointing to applied for signage and already have colour key. This also shows sign type and can be related to the application after the required amendments.

The changes to application are as follows, with the new text to be added in red.

Section 8. Location of Advertisements

- ✚ All signage will face the A259 Littlehampton Road adjacent to Ferring Nurseries. The only signs not facing the A259 are the car park CGI's attached to the close board fencing. ✚

The signage in question has already been installed, for sales of Barley Grange homes in Durrington. Taylor Wimpey will be changing the site name to Greenside at the end of October after the Barley Grange show homes are open.

The Arun Council are aware of the changes to be made at the end of October and Camberley Signs have discussed these issues with Emma Lawrence.

There is a 13 panel hoarding which does promote Greenside the future name of the site in question.

Section 11 Details of Proposed Advertisement

(d)

- ✚ The Main Sign 'V' Set is made up using - ✚
Two ACM panels with aluminium angle attached to rear and secured to 100mm aluminium posts.

(d)

- ✚ The Leader Board is made up using - ✚
ACM panel secured between two 50mm aluminium posts.

The (d) is in order as shown on application form for Other Signage.

I do hope this is all OK, but if not please don't hesitate to contact me.

Hope you had a good holiday.

Best Regards

Gary Dixon
