Subject: Re: FG/11/19/DOC - 55 Sea Lane Gardens, Ferring

Dear Mrs Gardner,

Thank you for your email of 23rd January. My clients agree to an extension until 28-02-2019 for the landscape plans but I would be grateful if you could sign off the project management plan at your earliest opportunity so my clients could begin preliminary works.

With regard to your request for further information regarding the planting species and details:

Trees... Prunus pissardii nigra. 2.5 metres tall when planted and come in 60 ltr pot. Will grow to 8 metres in height and width if not pruned. These are located on the applicants existing property and are to be used to soften the timber boundary treatment.

Bushes...photinia red robin..1/1.5 m tall when planted and come in 10ltr pot. Will grow to 5 metres tall and wide if not pruned.

Please can you confirm if this is sufficient information for the landscaping condition discharge and let us know if you can possibly sign off the construction management plan in advance so my client can commence preliminary ground works in compliance with your condition discharge requirements.

Many thanks

Kind Regards

Oliver

Dear Mr McGowan,

Your application was only registered yesterday and will take several weeks to determine given that I need to carry out consultations before the conditions can be discharged and responses may take a month to be received. The landscaping condition is likely to be refused without receipt of details of plant species, number, sizes and pot sizes. I therefore await receipt of further details from you.

I request your agreement an extension of time until 28-02-2019 to allow for receipt of consultation responses and the additional landscaping details. Please confirm your agreement by return.

Regards

Anita Gardner
