Dear Mrs Gardner,

Re:- Planning Application FG/129/18/PL

I object to this application

On a previous Planning Application the Inspector imposed a width requirement of 4m for the access road in the interests of road safety. There has been no change to the local circumstances therefore no change in this requirement is needed.

It is disappointing that the applicant will not take no for an answer and stop wasting the planning officers time on this matter.

Yours sincerely,

Christine Dickens (Mrs)
