Dear Mr Salter

Further to the email below I have realised that I have given the wrong date for determination the consultation does not expire until Nov 2. Would you be able to agree a revised extension of time to determine the application until 6 Nov 2017.

Thank you for your assistance

Mark Jones

Dear Mr Salter

I refer to the above application. You may be aware that due to unforeseen circumstances the original case officer is not available and the application has been reassigned to me. It has come to my attention that the amended plan you submitted albeit with a small increase in width of the proposed extension would not have been subject to the public consultation. I have discussed the matter with team manager and it is considered that the application should be subject to consultation. This is being arranged however this will mean the application will not be determined by the current target date of 9 October 2017. Therefore, would you be able to agree an extension of time for the application until October 31st to allow the application to be determined at the end of the consultation period.

Thank you for your consideration of this matter.

Regards

Mark Jones
