Dear Sir / Madam,

Planning Application FG-134-13 on the Littlehampton Road, Ferring.

As a former resident of 1 Littlehampton Road, the property immediately to the right of Yeomans Peugeot, I have witnessed several accidents and near misses when vehicles are forced to use the entrance / exit in its current lay out.

Vehicles enter and exit on to a main road from both the garage and the adjoining houses via one main entrance / slip road.

If, as often is the case, a vehicle is exiting Yeomans Peugeot and is waiting to pull out onto the main road, it blocks access to the slip road that services the adjoining houses.

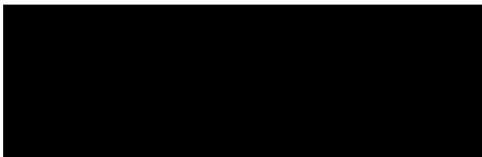

This forces vehicles to stop in the main carriageway, waiting for the vehicle to exit Yeomans property before allowing the waiting vehicles to pull safely off of the main road.

I believe the proposed one way lay out would offer a safer solution for residents, motorists that use the main road and Yeomans staff and customers.

The increased parking the plan proposes would also resolve the issue we faced for years of staff and Yeomans customers vehicles being parked outside of our houses and local streets that can cause an obstruction and is an eyesore.

This was particularly a nuisance when we had guests and no parking had been left for their cars.

I therefore endorse the plans put forwards by Yeomans Peugeot as I feel this would significantly reduce the risk to safety and would not detract from the local area which already has many commercial operations that offer employment to local people.
