Dear Sirs

Your Ref: FG/134/13 – Demolition of bungalow and Forecourt Extension – Yeomans Peugeot / The Bungalow, Hangleton Lane, Ferring BN12 6PB.

Having received a description of the proposals and a detailed site plan, and having considered the scheme, we feel that the additional parking and the one-way traffic management system that the application proposes will offer substantial benefits over the current arrangements.

The site is currently very congested which causes staff and customers from Yeomans Peugeot often utilise the roadside outside of our properties as an overflow parking area. This is visually intrusive but most importantly compromises highway safety. The additional parking spaces will ensure that there is no need to park on the roadside.

The one way traffic management system will ensure that when we leave our properties our exit route is not obstructed or compromised by a customer or member of staff leaving the Yeomans dealership.

In summary we would like to register our support for the proposals that are the subject of the above Planning Application.

Yours faithfully
