

Alison Glaisyer
Florence Villa
Hangleton Lane
FERRING, BN12 6PP

Your ref: FG/134/13

Dear Mr Smith

28 NOV 2013

With reference to the above planning
Proposal I object strongly.
I am up and down Hangleton Lane
daily walking my dog & have seen
the congestion and dangers on a
regular basis. For walkers there are
only a few yards of safety from the
vehicular traffic at the bypass end
of the lane & to lose that or have
it bisected for the cars coming from
the garage will increase the dangers
of this 'blind' corner.

I would remind you that the lane

has a notice declaring it a public
bridleway. It is used by walkers,
cyclists, pushchairs and horses.

Much of the vehicular traffic seems
unaware that pedestrians have priority
on a bridleway and are often fast and
even aggressive at times!

The traffic of cars, vans, continental lorries,
caravans and horse boxes as well as a
very large, fast and noisy vehicle that
takes away the stable waste each
morning. At times it is really intimidating
The traffic will inevitably continue to
increase as it has for the last 17 years
we have lived here; with the additional
exciting of cars from the garage accidents
will happen.

I trust common sense will prevail
with this dangerous planning
application!
