Dear Mr J Smith

Your Ref: FG/134/13 – Demolition of bungalow and Forecourt Extension – Yeomans Peugeot / The Bungalow, Hangleton Lane, Ferring BN12 6PB.

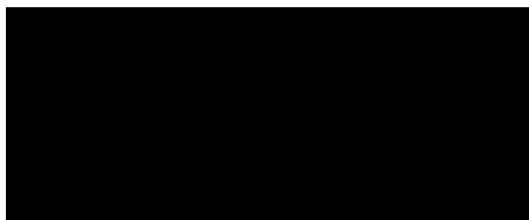

As a customer of Yeomans Peugeot I have viewed a description of the proposals and a detailed site plan, and having considered the scheme, I feel that the additional parking and the one-way traffic management system that the application proposes will offer substantial benefits over the current arrangements.

The site is currently very congested which causes staff and customers from Yeomans Peugeot to utilise the roadside outside the neighbouring properties as an overflow parking area. This compromises highway safety. The additional parking spaces will ensure that there is no need to park on the roadside.

The one way traffic management system will ensure that when leaving Yeomans Peugeot the exit route is not obstructed or compromised by other vehicles that are attempting to enter Yeomans Peugeot or the adjoining properties.

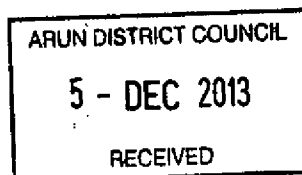

In summary I would like to register my support for the proposals that are the subject of the above Planning Application.

Yours faithfully
