Planning Application FG/134/13
Peugeot/Yeoman - Littlehampton Road

Dear Sir

I wish to register my objection to this application

The Council is already under great pressure to increase the housing stock of the area, but the demolition of this modern bungalow will decrease the stock, not increase it. This bungalow with its large grassed frontage is an asset to the ambience of the district. The demolition of same will destroy the open aspect and aid the steadily creeping commercialisation of this already busy road. The addition of flood lighting will increase the already unacceptable amount of light pollution in this area

Yours faithfully

R.J.Wilde
