Dear Sir or Madam,

Re: Application Reference FG/46/14/L – Bramble Cottage, 50 Sea Lane, Ferring, BN12 5EH

Regarding the above application we now wish to clear the Conditions prior to commencement of the works, work will commence within the next two months, thus satisfying Condition 1.

Condition 2 – The new thatch roof will be in best quality water reed fixed with stainless steel screws and galvanised rods to the roof rafters/batons to a minimum of 12 inches thick. The ridge will be formed in best quality combed wheat straw with a latticework of hazel spars with a block cut style. The ridge will be covered in 3/4 “ 22 gauge galvanised wire.

Condition 3 – we are enclosing a copy of the roof section, scaled drawing, giving full details of the proposed insulation.

Condition 4 – we enclose copies of the structural details showing how the steel trusses will be integrated into the existing building.

Kind regards,

Jane Mottershead.
