Attn. Arun Planning

I strongly object to this application on the grounds of over development of this site.

The original application which was for 10 flats and was refused on the grounds of over development. A revised application was subsequently approved for 8 flats with a communal area. This new application to erect a bungalow would mean a reduction of the Communal Area and would also move the boundary of the development of the adjoining property which changes aspect of this location in Ferring. In my opinion this is an over development of the site.

I believe that this will have a huge detrimental impact on the residents of the neighboring properties.

Yours sincerely
Denise Pease
