Dear Zac,

Just to follow up my telephone message to, that we do have building regulations to put an upstairs window in our back bedroom dormer which if this planning gets passed will look straight into our bedroom, as the depth off our back gardens are very shallow, it would also look in to our breakfast area of our kitchen leaving us with little privacy. Our window would have been done by now but due to Covid 19 this hasn't been possible.

I hope you are keeping well at this very stressful time.

Linda Gunn
