Dear Carl,

Thank you for the amended plans. Unfortunately I cannot get this application signed off today therefore please can you agree to another EOT to Monday 08th November? Apologies for any inconvenience this may cause but I am unable to get it signed off today.

Regards

Richard

Good afternoon Richard,

Please find attached the revised plan as requested. I have included the 1.7m obscure screen on the elevations and first floor plan. I should also be grateful if you could include this within the planning conditions.

If you should require any further information then please do not hesitate to contact me.

Kind Regards,

Carl

Dear Carl,

We are looking over your application.

1. We need you to please submit a new 'Proposed Elevations' plan as the current 'Proposed Elevations' has the proposed west elevation labelled as Existing West Elevation so this needs to be clarified that it is the proposed west elevation?
2. Also on the new plan please can you show the height measurements of the proposed new parapet wall to the west elevation balcony please? As we need to know how tall this is in order to work out how much obscured glazing is needed in order to reduce overlooking effects to neighbouring property to west. Therefore otherwise please can you submit a new plan with a obscured glazing screen to a height of 1.7m to the west balcony elevation in order for it to comply? If you don't know the exact specifications or your client doesn't know then we can condition this aspect.

Thanks

Regards

Richard Sherman
