Hi Mark

Please find attached an S211 notification for works to trees within a Conservation Area, with associated photos and site plan.

The proposed works are for 2 West Sussex Highways trees, located in the Highway Boundary outside 2 Ferring Street, Ferring.

The works are both safety works to maintain a safe highway, and also to prevent future damage to the property at 2 Ferring Street, Ferring.

We do not intend on planting a replacement tree for the felling of T2 due to the very close proximity to the property.

Can you please pass this email and the information therein, to the appropriate parties in your planning department, and accept this email as the formal notification.

Kind regards

Andy
