Good evening Hebe,

I hope it isn't an issue but have noticed, you may have noticed as well?!

Vehicle parking question on application form, does site have existing parking : yes..... existing parking spaces 0 should read 2. Total proposed correctly reads 2. Difference in spaces should read 0.

I hope this clarifies an obvious error on form and shows the site to have existing private parking, sufficient for a 1 bedroom property as WSCC Highways have approved details of said parking. It should be noted WSCC say permission for access should be gained from proprietors of The Grove, this will not be necessary as access is existing.
